### Benefits of Joining the Chamber

Joining the La Cygne Chamber is the most solid investment a business can make. Membership with the Chamber gives local business owners and managers access to a variety of opportunities to network, promote and market their services.

**Networking opportunities:** Monthly meetings give all our members opportunities to share information and meet with other members while working together for the good of our community.

**Visibility:** New members will be offered a ribbon cutting. Members will be listed on the Chamber Website. We will work hard to promote and share your business post on our social media page and we are happy to put your business events on the Chamber sign on Broadway!

**Community Enhancement and Events:** Christmas on Broadway, and the Easter Egg Hunt.

**Educational Opportunities:** A variety of educational activities to help grow your business.
