COUNCIL QUORUM

Councilman Boone asked why City requires 4 members to hold a meeting when state statutes only require 3.

It was noted that City chartered out of state law several years ago establishing 4 as a quorum to conduct city business

At that time the Attorney General was ruling that 2 was a majority of a quorum and 2 members meeting together was thus illegal.

With the City raising its quorum to 4 it then took 3 members to make a majority of a quorum, thus 2 members could legally be on a committee because 2 was no longer the majority of a quorum.

BUDGET HEARING – AMEND PARK/POOL BUDGET

The Hearing to amend the 2011 Park/Pool Budget was opened by Mayor Weitman

- ❖ City Clerk Mahon noted that the reason to amend the budget was to allow the City to pay for the 2006 street resurfacing in the park to Heckert Construction
 - The money was always available for payment to Heckert
 - Due to the fact that Heckert did not request payment after the 2006 project the allocated money was never spent.
 - Authorization for the expenditure was subsequently eliminated from annual budgets to prevent future park boards or city councils from accidentally spending the money until the account could be resolved.
 - Money allocated to the project was reflected as a cash carry-over in the annual budgets
 - Payment to Heckert was negotiated and made this year
 - Budget needs to be amended to legally allow the expenditure
